Poenta e Schie - Polenta e Schie - Polenta and Small Prawns

Ingredienti

500 g farina di mais
2 litri acqua
15 g olio d'oliva
1 cucchiaio di sale grosso
500 grammi schile
1 spicchio aglio
1 bicchiere vino bianco
1 cucchiaio olio extra vergine d'oliva
sale e pepe
prezzemolo

Ingredients

500 g corn flour
2 liters of water
15 g of olive oil
1 tablespoon of coarse salt
500 gr. small prawns
1 garlic clove
1 glass of white wine
1 tablespoon extra virgin olive oil
salt and pepper
parsley

Preparazione

In una pentola portate ad ebollizione 2 litri di acqua con il sale. Poco prima che l'acqua giunga a bollire, versate 500 gr di farina di mais giallo e, sempre mescolando con l'apposito bastone o cucchiaione di legno, chiamato "cannella", lasciate cuocere per circa 50 minuti, unendo acqua bollente se necessario ammorbidente.

Quando la polenta forma una crosticina sui bordi e tende a staccarsi dalle pareti del paiolo, è pronta. Lavare bene le schie in acqua corrente e lessarle per pochissimo tempo in acqua salata bollente. Scolarle, farle leggermente raffreddare e pulirle. Tritare lo spicchio d'aglio, il prezzemolo e aggiungete l'olio. Condire con questo preparato le schie pulite e sgusciate, regolare di sale e pepe e lasciarle insaporire. Se si vuole una variante più saporita ripassare le schie in padella con l'aglio ben imbiondito e del vino bianco. Servire adagiandole su una morbida e fumante polenta che avrete preparato prima.

Preparation

In a saucepan bring to the boil 2 liters of water with salt. Shortly before the water comes to a boil, pour 500 grams of corn flour and, stirring constantly, cook for about 50 minutes, adding boiling water if necessary to soften.

When the polenta forms a crust on the edges and tends to detach from the walls of the cauldron, it is ready.

Wash the schies well in running water and boil them for a very short time in boiling salted water. Drain them, let them cool slightly and clean them. Chop the garlic clove, parsley and add the oil. Season with this preparation the cleaned and peeled shrimp, season with salt and pepper and let them flavor.

If you want a more tasty variant, sauté the prawns in a pan with the garlic and the white wine.

Serve laying on a soft and steaming flour porridge that you have prepared before.

Poenta e Sopresa Rosta

Polenta e Sopressa Arrostita – Polenta and Sopressa Roasted

Ingredienti

500 g farina di mais
2 litri acqua
15 g olio extravergine
d'oliva
1 cucchiaio di sale grosso
“Soppressa” tipica Veneta

Ingredients

500 g corn flour
2 liters of water
15 g extra virgin olive oil
1 tablespoon of coarse salt
Sopressa typical Venetian

Preparazione

Ponete sul fuoco una pentola d'acciaio dal fondo spesso, versate i 2 litri d'acqua, quando l'acqua bolle unite il sale, quindi versate la farina a pioggia mescolando con un cucchiaio, mantenete la cottura ad alta temperatura mescolando velocemente. Aggiungete l'olio di oliva che servirà per evitare la formazione di grumi, continuate a mescolare finché riprende il bollire, quindi abbassate il fuoco al minimo e proseguite con la cottura a fuoco dolce mescolando di continuo, avendo cura di non farla attaccare al fondo.

Trascorsi 50 minuti la polenta è pronta; alzate il fuoco in modo da farla staccare bene dalla pentola. Capovolgete il tegame su un tagliere rotondo per sformare la polenta.

Tagliate a fette grossolane della sopressa e cuoceteli in padella con poco burro, bagnandole con aceto di puro vino.

Si servono caldissime con la polenta fatta a fette e abbrustolita in forno.

Preparation

Put a thick-bottomed steel pan on the stove, pour the 2 liters of water, when the water boils, add the salt, then pour the flour into the mixture, stirring with a spoon, keep cooking at high temperature, stirring quickly.

Add the olive oil that will serve to avoid the formation of lumps, continue to stir until it resumes boiling, then lower the heat to a minimum and continue cooking over a gentle flame stirring constantly, taking care not to let it stick to the bottom.

After 50 minutes the polenta is ready; raise the fire so as to remove it from the pot.

Turn the pan upside down on a round cutting board to remove the polenta.

Cut into coarse slices of the sopressa and cook them in a pan with a little butter, sprinkling them with pure wine vinegar.

They serve very hot with the polenta made in slices and roasted in the oven.

Sardee in Saor - Sarde in Saor – Sardines in Saor

Ingredienti

500 g sarde,
1 kg cipolle bianche,
un cucchiaio di farina
cucchiaio,
olio di arachide
olio di oliva,
100 g pinoli,
50 g uvetta sultanina,
1 bicchiere di aceto di
mezzo bicchiere di vino
bianco,
1 cucchiaio di zucchero

Ingredients

500 g sardines,
1 kg white onions,
a spoonful of spoon
flour,
peanut oil
olive oil,
100 g pine nuts,
50 g sultanas raisins,
1 glass of vinegar
half a glass of white
wine,
1 tablespoon of sugar

Preparazione

Pulite le sarde, apritele a libro, evisceratele e togliete coda e spina centrale.
Lavatele e poi sgocciolatele bene. Infarinatele e friggetele in abbondante olio di arachidi.
Quando saranno rosolate da entrambe le parti, toglietele dalla padella e adagiatele su un foglio di carta assorbente, perché perdano l'olio in eccesso.
In un'altra padella fate scaldare dell'olio d'oliva in cui farete dorare le cipolle affettate finemente.
Una volta imbiondite, versate sopra le cipolle l'aceto di vino e lasciate che sfumi.
Aggiungete nella pentola lo zucchero. Sistemate a questo punto il pesce in una terrina, a strati, versando sopra ogni strato l'aceto e le cipolle, cui unirete l'uvetta strizzata e i pinoli.
Proseguite con le sarde fritte e poi ancora con le cipolle, sino a finire con queste ultime.
I pesci devono essere ben ricoperti da questa marinatura. Coprite la teglia e lasciate le sarde in saor a decantare in un luogo fresco, per almeno un giorno, ma non nel frigorifero.

Preparation

Clean the sardines, open them in a book, evisceratele and remove the tail and central spine.
Wash them and then drain them well. Flour them and fry them in plenty of peanut oil.
When they are browned on both sides, remove them from the pan and place them on a sheet of absorbent paper, because they lose excess oil. In another pan heat the olive oil in which you will brown the finely sliced onions.
Once browned, pour the vinegar over the onions and let it melt.
Add the sugar to the pot. At this point, place the fish in a bowl, in layers, pouring over each layer the vinegar and onions, to which you will add the squeezed raisins and pine nuts.
Continue with the fried sardines and then again with the onions, ending with the latter.
The fish must be well covered by this marinade. Cover the pan and leave the sardines in saor to decant in a cool place, for at least a day, but not in the refrigerator.

Uova e Sparasi - Nova e Asparagi – Eggs and Asparagus

Ingredienti

500 grammi di asparagi
bianchi o verdi
4 uova
4 cucchiai da cucina di
olio di oliva
Sale qb
pepe qb
un cucchiaino di aceto

Ingredients

500 grams of white or
green asparagus
4 eggs
4 tablespoons
of olive oil
Salt to taste
pepper as needed
a teaspoon of vinegar

Preparazione

Lavate gli asparagi, eliminate circa uno o due centimetri della parte inferiore (che è solitamente più dura e/o rovinata) e poi eliminate il rivestimento esterno da ogni singolo asparago (utilizzate un pela patate o un pela asparagi).

A questo punto dovete cuocere gli asparagi. Potete bollirli (avrete bisogno di circa 10 o 20 minuti a seconda dello spessore degli asparagi) oppure potete utilizzare una pentola a vapore.

Nel frattempo dovete bollire le uova. Ponetele in una pentola con dell'acqua fredda. Quando l'acqua inizia a bollire, aspettate ancora 6 minuti e poi estraeteli.

Metteteli in acqua fredda e successivamente togliete i gusci.

A questo punto potete preparare la densa e gustosa salsa a base di uova: spezzettate grossolanamente le uova utilizzando una forchetta e mescolate con olio, aceto, sale e pepe. Potete anche usare un mixer se preferite una consistenza più liscia e omogenea.

Servite gli asparagi con la salsa.

Preparation

Wash the asparagus, remove about one or two centimeters of the lower part (which is usually harder and / or damaged) and then remove the outer coating from each single asparagus (use a potato peel or an asparagus peel).

At this point you have to cook the asparagus. You can boil them (you will need about 10 or 20 minutes depending on the thickness of the asparagus) or you can use a steam pot.

In the meantime you have to boil the eggs. Place them in a pot with cold water.

When the water begins to boil, wait for another 6 minutes and then extract.

Put them in cold water and then remove the shells.

At this point you can prepare the thick and tasty egg sauce: coarsely chop the eggs using a fork and mix with oil, vinegar, salt and pepper. You can also use a mixer if you prefer a smoother and more homogeneous consistency.

Serve the asparagus with the sauce.

Gnocchi col succo e a canna - Gnocchi con Zucchero e Cannella

Gnocchi with sugar and cinnamon

Ingredienti

1 Kg di patate da gnocchi;
300 g di farina;
cannella;
burro;
zucchero;
grana grattugiato;
sale.

Ingredients

1 kg of gnocchi
potatoes;
300 g of flour;
cinnamon;
butter;
sugar;
grated Parmesan;
salt.

Preparazione

Lessate le patate. Mettetele su una pentola con abbondante acqua e lasciatele sul fuoco per circa 50 minuti.

Scolatele e procedete a pelarle ancora fumanti. Con uno schiacciapatate pigiatele. Unitevi farina e un pizzico di sale. Mescolate cercando di ottenere la giusta consistenza che permetta di fare dei "cilindri", di circa 1 cm di spessore. Quindi state attenti nel dosare la farina, inseritela gradualmente. Con il coltello procede a dividerli ogni 2 cm. Di Vanno fatti con i rebbi della forchetta o passati sulla grattugia. Portate ad ebollizione l'acqua, salatela e mettete gli gnocchi dentro. Una porzione alla volta. Con la schiumarola si raccolgono dopo qualche secondo che ritornano a galla.

Cospargeteli con lo zucchero e la cannella precedentemente mescolati assieme al grana grattugiato. Ci deve essere più zucchero che cannella. Indicativamente il rapporto è 1 a 2 o al massimo 1 a 3.

Il grana deve essere tale da non essere predominante. Le mie quantità per 4 persone sono: 4 cucchiali di grana grattugiato, 2 cucchiali di zucchero e 1 circa di cannella.

Versatevi sopra un po' del burro fuso e serviteli caldi.

Preparation

Boil the potatoes. Put them on a pot with plenty of water and leave them on the stove for about 50 minutes.

Drain and proceed to peel still steaming. With a potato masher. Add flour and a pinch of salt. Mix trying to get the right consistency that allows you to make "cylinders", about 1 cm thick. So be careful when measuring the flour, insert it gradually.

With the knife proceeds to divide them every 2 cm. They must be made with the fork prongs or passed on the grater. Bring the water to a boil, add salt and put the gnocchi inside. One portion at a time. With the skimmer they are collected after a few seconds, which come back to the surface.

Sprinkle with the sugar and cinnamon previously mixed together with the grated parmesan. There must be more sugar than cinnamon. Indicatively the ratio is 1 to 2 or at most 1 to 3.

The grain must be such that it does not predominate. My quantities for 4 people are: 4 tablespoons of grated parmesan, 2 tablespoons of sugar and 1 of cinnamon.

Pour some melted butter over it and serve hot.

Quando questo è ben rosolato, aggiungere un cucchiaio di concentrato di pomodoro diluito in poca acqua. Cuocere fino a quando la salsa diventa abbastanza densa quindi aggiungere ai fagioli di cottura (in parte setacciati per rendere la zuppa meno densa). Lasciare cuocere fino a quando i sapori non saranno ben amalgamati. Nel frattempo cuocere la pasta in acqua bollente salata. A metà cottura, scolare quasi tutta l'acqua per eliminare l'eccesso di liquido, quindi versare la pasta nel brodo di fagioli. Continua a cuocere per qualche altro minuto. Lasciare riposare la zuppa e, poco prima di servire, irrorare con olio extravergine di oliva crudo. Un'ultima spolverata di pepe nero e la vostra pasta e fagioli è pronta per essere servita!

Preparation

Simmer the beans, if possible in a crockpot, with onion, garlic, rosemary, thyme and some pork skin, previously well-cleaned, scorched and scraped. Prepare a sauté with a chopped mixture of lard or cooked prosciutto fat, onion and garlic. When this is well-browned, add a spoonful of tomato paste diluted in a little water. Cook until the sauce becomes fairly dense then add to the cooking beans (in part sieved to make the soup less dense). Leave to cook until the flavors are well-amalgamated. Meanwhile, cook the pasta in boiling salted water. Halfway through cooking, drain off almost all the water to eliminate any excess liquid, and then pour the pasta into the bean stock. Continue cooking for a few more minutes. Leave the soup to rest and just before serving, drizzle with raw extra-virgin olive oil. A final sprinkling of black pepper and your pasta and beans is ready to be served!

Mettere baccelli, carota, sedano (o levistico), cipolla e un pizzico di sale in una pentola, coprire d'acqua, portare ad ebollizione e mantenere un'ebollizione leggere per un'ora, a pentola coperta. Far intiepidire leggermente e poi filtrare il brodo ottenuto. In una pentola, scaldare l'olio d'oliva e aggiungere lo zucchino e aglio e mescolare. Cuocere per qualche minuto, poi aggiungere piselli, prezzemolo e un cucchiaio del brodo. Cuocere a fuoco medio-basso fino a quando i piselli sono appena teneri. Dopo i primi 5 minuti, coprire la pentola. Portare a ebollizione il brodo vegetale leggero e mantenerlo in lieve ebollizione. Quando i piselli sono pronti, aggiungere il riso e tostare per 1-2 minuti mescolando. Aggiungere abbastanza brodo bollente da coprire appena il riso. Lasciare che il riso assorba la maggior parte del brodo. Mantenere il riso bagnato col brodo e cuocere, girando ad intervalli regolari. Quando il riso è pronto, togliere la pentola dal fuoco, distribuire sulla superficie il formaggio scelto e mescolare bene. Assaggiare e correggere il sale. Far riposare il risotto, coperto, per alcuni minuti. Servire immediatamente e gustare.

Preparation

Wash the peas and shell them, setting aside the pods. Put the pods, carrot, celery (or lovage), onion and a pinch of salt in a saucepan, cover with water, bring to a boil and keep boiling lightly for an hour, with a covered pot. Allow to cool slightly and then filter the broth obtained. In a saucepan, heat the olive oil and add the onion and garlic and mix. Cook for a few minutes, then add peas, parsley and a tablespoon of stock. Cook over medium-low heat until the peas are just tender. After the first 5 minutes, cover the pot. Bring the light vegetable stock to a boil and keep it slightly boiling. When the peas are ready, add the rice and toast for 1-2 minutes, stirring. Add enough boiling stock to cover just the rice. Allow the rice to absorb most of the stock. Keep the rice wet with the broth and cook, turning at regular intervals. When the rice is ready, remove the pot from the heat, spread the chosen cheese on the surface and mix well. Taste and correct the salt. Let the risotto rest, covered, for a few minutes. Serve immediately and taste.

Bacalà a Vicentina

Baccalà alla Vicentina - Vicentina style Cod

Ingredienti

Stoccafisso 1,2 kg
2 Cipolle di grosse dimensioni
4 Filetti d'acciughe
Prezzemolo una manciata
Sale q.b.
Latte 1/2 di litro
Farina 00 q.b.
1 litro Olio di oliva extravergine

Ingredients

Stockfish 1,2 kg
2 Large onions
4 anchovy fillets
Parsley a handful
Salt to taste.
1/2 liter milk
Flour 00 q.b.
1 liter Extra-virgin olive oil

Preparazione

Affettare finemente le cipolle; rosolarle in un tegamino con un bicchiere d'olio, aggiungere le acciughe dissalate, diliscate e tagliate a pezzetti; per ultimo, a fuoco spento, unire il prezzemolo tritato.

Infarinare i vari pezzi di stoccafisso, irrorarli con il soffritto preparato, poi disporli uno accanto all'altro, in un tegame di cotto o di alluminio, oppure in una pirofila (sul cui fondo si sarà versata, prima, qualche cucchiaiata di soffritto). Ricoprire il pesce con il resto del soffritto, aggiungendo anche il latte, il grana grattugiato il sale, il pepe. Unire l'olio, fino a ricoprire tutti i pezzi, livellandoli.

Cuocere a fuoco molto dolce per circa 4 ore e mezzo, muovendo ogni tanto il recipiente in senso rotatorio, senza mai mescolare. Servire ben caldo con polenta in fetta: il baccalà alla vicentina è ottimo anche dopo un riposo di 12-24 ore.

Preparation

Finely slice the onions; brown them in a pan with a glass of oil, add the anchovies, desalted, boned and cut into small pieces; lastly, when the fire is off, add the chopped parsley.

Flour the various pieces of dried cod, sprinkle with the prepared mixture, then place them side by side, in a terracotta or aluminum pan, or in a baking dish (on the bottom of which will be poured, first, a few tablespoons of sautéed). Cover the fish with the rest of the mixture, adding the milk, the grated parmesan, salt and pepper. Combine the oil, until covering all the pieces, leveling them.

Cook over a very gentle heat for about 4 and a half hours, moving the container from time to time in a rotating direction, never stirring. Serve hot with polenta in slice: the Vicenza cod is excellent even after a rest of 12-24 hours.

Cunicio al vino bianco

Coniglio al vino bianco - Rabbit in white wine

Ingredienti

Un coniglio (fegato e cuore compresi)
1 bicchiere di vino bianco
2 spicchi d'aglio
un rametto di rosmarino
1 limone
1 bicchierino d'aceto
100 g di olio extra vergine di oliva
100 g di burro
un mazzetto di prezzemolo
sale e pepe

Ingredients

A rabbit (including liver and heart)
1 glass of white wine
2 cloves of garlic
a sprig of rosemary
1 lemon
1 small glass of vinegar
100 g of extra virgin olive oil
100 g of butter
a bunch of parsley
salt and pepper

Preparazione

Si pongono i pezzi del coniglio a restringere in padella coperti e senza condimento, scolando poi l'acqua naturale e badando a che non vi siano ossa scheggiate. Si mettono quindi in un altro tegame con olio extra vergine di oliva lasciandoli cuocere per un po', con aromi d'aglio e rosmarino, coprendo per poi rosolare a cielo aperto. Si aggiungono il sale ed il pepe. Si spruzza con il vino bianco e si lascia cuocere a fuoco lento col coperchio. Si prepara un pesto fatto con prezzemolo, scorza di limone grattugiata e con fegato e cuore del coniglio ben battuti (meglio se più di un fegato). Si pone il composto a rosolare in un tegame a parte, con un fondo di olio. È necessario mescolare spesso con decisione perché il composto tende a rapprendersi. Si sala, si impepa e quando il tutto si sarà ben rosolato si bagna con una spruzzata di aceto, lasciando evaporare. Si versa quindi la salsa sul coniglio arrosto, dopo avere tolto gli aromi, e si allunga con il resto del vino lasciando restringere rapidamente il sugo di cottura. Si toglie dal fuoco, si aggiunge il burro e si manteca. Si lascia assorbire e si serve accompagnato con polenta.

Preparation

The pieces of the rabbit are placed to shrink in a covered pan and without seasoning, then draining the natural water and taking care that there are no chipped bones. Then put them in another pan with extra virgin olive oil, letting them cook for a while, with aromas of garlic and rosemary, covering and then browning in the open. Salt and pepper are added. Sprinkle with white wine and cook over a low heat with the lid. You prepare a pesto made with parsley, grated lemon rind and with well-beaten liver and rabbit heart (better if more than one liver). The mixture is placed to brown in a separate pan, with an oil base. It is necessary to mix often with decision because the mixture tends to grow. Yes, salt and pepper and when everything is well browned, wet with a sprinkling of vinegar, letting it evaporate. Then pour the sauce over the roasted rabbit, after removing the aromas, and lengthen with the rest of the wine, allowing the cooking sauce to quickly reduce. Remove from the heat, add the butter and keep. It is absorbed and served with polenta.

Poastro in Tecia - Pollo in Tecia – Chicken in Pot

Ingredienti

1 pollo da 1 kg. circa
1 cipolla
1 carota
1 costa di sedano
Polpa di pomodoro: 250 g.
1 bicchiere e $\frac{1}{2}$ di vino bianco secco
 $\frac{1}{2}$ bicchiere di olio extravergine d'oliva
1 ciuffo di prezzemolo
2 foglie di basilico
3 foglie di salvia
Sale: q.b.
Pepe: q.b.

Ingredients

1 chicken of 1 kg. about
1 onion
1 carrot
1 celery coast
Tomato pulp: 250 g.
1 glass and $\frac{1}{2}$ of dry white wine
 $\frac{1}{2}$ glass of extra virgin olive oil
1 tuft of parsley
2 basil leaves
3 sage leaves
Salt to taste.
Pepper as needed.

Preparazione

Per prima cosa tagliate a pezzi il pollo ed asciugatelo per bene, dopo di che mondate carota, sedano e cipolla: i primi due vanno tritati molto finemente mentre la cipolla va affettata. Prendete una casseruola, metteteci l'olio di oliva, il pollo ridotto a pezzi e le verdure mondate, quindi unite anche il prezzemolo fresco tritato, la salvia ed il basilico. Regolate di sale e pepe e fate rosolare bene il tutto sul fuoco, avendo cura di girare ogni tanto il pollo con un cucchiaio di legno.

Una volta che il pollo è rosolato, aggiungete il vino bianco secco e lasciatelo evaporare a fiamma vivace, mescolando, quindi unite anche la polpa di pomodoro a tocchetti e mezzo bicchiere d'acqua. Lasciate cuocere la carne per 90 minuti circa, mescolando di quando in quando e, se dovesse essere necessario, bagnando con un po' d'acqua calda. Servite il pollo in tecia alla veneta ben caldo, magari con delle classiche patate arrosto e della polenta cremosa.

Preparation

First cut the chicken into pieces and dry it well, after which clean the carrot, celery and onion: the first two must be finely chopped while the onion is sliced. Take a saucepan, add the olive oil, the chopped chicken and the cleaned vegetables, then add the chopped fresh parsley, sage and basil. Season with salt and pepper and sauté everything on the fire well, taking care to turn the chicken from time to time with a wooden spoon. Once the chicken is browned, add the dry white wine and let it evaporate over a high flame, stirring, then add the chopped tomato pulp and half a glass of water. Leave the meat to cook for about 90 minutes, stirring occasionally and, if necessary, with a little hot water. Serve the chicken in a very warm Venetian style, perhaps with classic roasted potatoes and creamy polenta.

Patate in Tecia

Patate in Umido - Potatoes in moist

Ingredienti

1 Kg di Patate

1 Cipolla

50 gr di Lardo

Brodo

Pepe

Sale

Ingredients

1 kg of potatoes

1 Onion

50 gr of Lardo

Broth

pepper

salt

Preparazione

Prendete le patate, lavatele e ponetele in una pentola con tutta la buccia. Riempite la pentola con acqua, e fatele lessare. Quando l'interno delle patate risulterà morbido, scolatele e sbucciatele quando ancora sono calde.

Prendete il tegame, o meglio la tecia, e aggiungete il lardo e la cipolla tagliate a fettine sottili. Fate soffriggere la cipolla e dopo 3-4 minuti aggiungete le patate lesse tagliate a piccoli tocchetti. Fate rosolare le patate per un po' di minuti, non vi preoccupate se si sbriciolano ai bordi, perchè è quella poltiglia di patata a rendere ancora più saporito il piatto. Poi smorzate con un mestolo di brodo e fate asciugare. Regolate di sale, date una grattata di pepe e poi continuate la cottura delle patate mescolando spesso, in modo che queste si sbriciolino più. Ripetete l'aggiunta e asciugatura del brodo per altre 2 volte e poi una volta asciugato del tutto, spegnete il fuoco e servite.

Preparation

Take the potatoes, wash them and place them in a pot with all the peel. Fill the pot with water and boil it. When the inside of the potatoes is soft, drain and peel them when they are still warm.

Take the pan, or better, the tecia, and add the lard and onion cut into thin slices. Fry the onion and after 3-4 minutes add the boiled potatoes cut into small pieces. Brown the potatoes for a few minutes, do not worry if they crumble at the edges, because that potato mash makes the dish even tastier. Then dampen with a ladle of broth and let it dry. Season with salt, sprinkle with pepper and then continue cooking the potatoes, stirring often, so that they crumble more.

Repeat the addition and drying of the stock for another 2 times and then once completely dried, turn off the heat and serve.

Trascorsi i 50 minuti la polenta è pronta; alzate il fuoco in modo da farla staccare bene dalla pentola, attendete di vedere che si stacchi bene dal fondo.

Ora capovolgete con attenzione il tegame su un tagliere rotondo poco più grande del diametro del tegame per sformare la polenta.

La vostra polenta è pronta per essere portata in tavola

Radicchio al forno

Radicchio al Forno - Baked Radicchio

Ingredienti

Due o tre teste di radicchio (radicchio di Chioggia)
4 cucchiali da cucina di burro
4 cucchiali da cucina di olio extra vergine di oliva
3 spicchi d'aglio, pelati e schiacciati
Una cipolla di media grandezza
Un cucchiaino di sale
4 cucchiali da cucina di aceto
Pepe nero
Grana Padano grattugiato

Ingredients

Two or three heads of radicchio (radicchio di Chioggia)
4 tablespoons of butter
4 tablespoons of extra virgin olive oil
3 cloves of garlic, peeled and crushed
A medium-sized onion
A teaspoon of salt
4 tablespoons of vinegar
black pepper
Grated Grana Padano

Preparazione

Tagliate il radicchio in quarti o in sesti in modo da ottenere spicchi di circa 6-7 cm. Fate i tagli attraverso il cuore in modo che le foglie siano tenute insieme. Ponete una griglia al centro del forno e riscaldatelo fino a 190°. Mettete il burro e due cucchiali di olio di oliva in una padella e scaldate a fuoco moderato. Quando il burro è fuso e inizia a essere schiumoso aggiungete le cipolle tritate e l'aglio e portate a cottura per un minuto, poi posate gli spicchi di radicchio e aggiungete il sale. Coprite con un coperchio e cucinate a fuoco lento rigirando gli spicchi ogni due minuti circa. Dopo dieci minuti circa, mescolate aceto e acqua e poi versate il tutto nella padella. Cucinate ancora per un paio di minuti finché i liquidi della padella risultino ridotti a una sorta di consistenza sciropoppa e gli spicchi siano leggermente caramellati. Togliete la padella dal fuoco e sistemate gli spicchi in una teglia da forno. Guarnite tutto intorno con le cipolle e aggiungete sopra il liquido della padella. Spruzzate sopra i rimanenti due cucchiali di olio di oliva, aggiungete il pepe nero e terminate con una copertura di abbondante formaggio grattugiato. Coprite la teglia con un foglio di alluminio e fatelo aderire bene ai bordi. Portate a cottura per 20 minuti, poi rimuovete il foglio di alluminio e cucinate per altri 5 minuti circa fino a che gli spicchi di radicchio sono teneri e umidi e assumono una colorazione dorata sulla parte superiore.

Preparation

Cut the radicchio into quarters or in sixths to obtain slices of about 6-7 cm. Make cuts through the heart so that the leaves are held together. Place a grid in the center of the oven and heat it up to 190 °. Put the butter and two tablespoons of olive oil in a pan and heat over a moderate heat. When the butter is melted and begins to be frothy, add the chopped onions and the garlic and cook for a minute, then place the slices of radicchio and add the salt. Cover with a lid and cook over low heat, turning the segments around every two minutes. After about ten minutes, mix vinegar and water and then pour everything into the pan. Cook for a couple of minutes until the liquid in the pan is reduced to a sort of syrupy consistency and the segments are lightly caramelized. Remove the pan from the heat and place the cloves in a baking pan. Garnish all around with onions and add the pan liquid over it. Sprinkle over the remaining two tablespoons of olive oil, add the black pepper and finish with a generous cover of grated cheese. Sprinkle the pan with aluminum foil and allow it to adhere well to the edges. Cook for 20 minutes, then remove the aluminum foil and cook for another 5 minutes until the radicchio segments are tender and moist and have a golden color on the top.

Frittoe Venesiane

Frittelle Veneziane - Venetian style Pancakes

Ingredienti

400 g di farina 00
16 g di lievito di birra
100 ml di acqua tiepida
3 cucchiai di zucchero
2 uova
260 ml di latte tiepido
2 cucchiai di rum
1 limone (solo la scorza)
1 pizzico di sale
120 g di uvetta
Abbondante olio di arachide per friggere

Ingredients

400 g of 00 flour
16 g of brewer's yeast
100 ml of warm water
3 tablespoons of sugar
2 eggs
260 ml of lukewarm milk
2 tablespoons of rum
1 lemon (only the rind)
1 pinch of salt
120 g of raisins
Abundant peanut oil for frying

Preparazione

Mettete l'uvetta a rinvenire in acqua tiepida (1). In un bicchiere sbriciolate il lievito di birra e aggiungetevi 60 ml di acqua tiepida, mescolate bene con un cucchiaio finché il lievito non si sarà sciolto. Mescolate la farina con tre cucchiai di zucchero e la scorza di limone grattugiata. Versate sulla farina il lievito sciolto nell'acqua e iniziate a mescolare con una frusta. Aggiungete il rum. In una ciotola a parte sbattete le uova con un pizzico di sale.

Versate le uova nell'impasto delle frittelle, quindi iniziate ad aggiungere poco a poco il latte, mescolando. Quando otterrete un impasto fluido ma consistente, non aggiungetene più. Strizzate bene l'uvetta e aggiungetela al composto. Coprite la ciotola con un foglio di pellicola trasparente e fate lievitare per un'ora e mezza o due. Quando l'impasto avrà raddoppiato il suo volume sarà pronto. Toccandolo l'impasto si sgonfia, ma quando andrete a friggere le frittelle di carnevale si gonfierà di nuovo. Fate scaldare abbondante olio di arachide in una padella quando è ben caldo prelevate delle piccole quantità di impasto, circa mezzo cucchiaio, e fatele cadere all'interno dell'olio bollente. Se fate delle frittelle troppo grandi potrebbero rimanere crude all'interno. Quando cominciano a gonfiarsi giratele in modo che si coloriscano bene da entrambi i lati, quindi scolatele con un mestolo forato e fatele asciugare su un foglio di carta da cucina. Finché sono ancora calde, passate le frittelle nello zucchero semolato.

Preparation

Put the raisins in warm water (1). In a glass crumble the yeast and add 60 ml of warm water, mix well with a spoon until the yeast has melted. Mix the flour with three tablespoons of sugar and the grated lemon peel. Pour the yeast dissolved in the water onto the flour and start mixing with a whisk. Add the rum. In a separate bowl, beat the eggs with a pinch of salt.

Pour the eggs into the dough of the pancakes, then start adding the milk little by little, stirring. When you get a fluid but consistent dough, do not add more. Squeeze the raisins well and add it to the mixture. Cover the bowl with a sheet of transparent film and let it rise for an hour and a half or two.

When the dough has doubled, its volume will be ready. Touching the dough is deflated, but when you go frying the carnival pancakes will swell up again. Heat plenty of peanut oil in a pan when it is hot. Take small amounts of dough, about half a tablespoon, and let it fall into the hot oil. If you make too large pancakes they could remain raw inside. When they start to swell, turn them so that they color well on both sides, then drain them with a perforated spoon and let them dry on a piece of kitchen paper. As long as they are still hot, pass the pancakes in the granulated sugar.

Mandorle 200 g
farina da polenta 100 g
lievito 5 g
zucchero a velo 65 g
3 uova grandi
succo fresco di due limoni

Ingredients

Butter 200 g
Sugar 200 g
Almonds 200 g
polenta flour 100 g
yeast 5 g
icing sugar 65 g
3 large eggs
fresh juice of two lemons

Preparazione

Pre-riscaldate il forno a 175°. Rivestite la base della tortiera con carta da forno e imburrate leggermente i bordi con del burro.

Tritate lievemente lo zucchero (usate un frullatore o un macinino per caffè) al fine di renderlo un po' più fine ma non al punto da ottenere la consistenza dello zucchero a velo.

Mettetelo da parte in una terrina. Tritate le mandorle e mettetele da parte in un'altra terrina. In una terrina grande unite burro e zucchero fino a ottenere una crema (usate un mixer). In un'altra terrina mescolate le mandorle, la farina da polenta e il lievito. Unite il composto di mandorle al composto di zucchero e aggiungete le uova. Mescolate fino a ottenere un impasto omogeneo.

Versate il composto nella tortiera e portate a cottura per circa 30-35 minuti. Controllate il dolce con uno stuzzicadenti o con un coltello per verificare che la cottura interna sia stata completata.

Successivamente togliete il dolce dal forno e lasciatelo riposare e raffreddare.

Nel frattempo fate lo sciroppo. Mescolate il succo di limone e lo zucchero a velo in un bicchiere o contenitore di pyrex. Portate a cottura in un forno a microonde finché lo zucchero si dissolve in un succo. Versate lo sciroppo caldo sopra il dolce e lasciate raffreddare prima di toglierlo dalla tortiera. Servite.

Preparation

Pre-heat the oven to 175 °. Cover the cake base with baking paper and butter the edges lightly with butter.

Lightly chop the sugar (use a blender or coffee grinder) in order to make it a little finer but not to the point of getting the consistency of the powdered sugar.

Put it aside in a bowl. Chop the almonds and put them aside in another bowl.

In a large bowl add butter and sugar until you get a cream (use a mixer). In another bowl mix the almonds, the polenta flour and the yeast. Add the almond mixture to the sugar mixture and add the eggs. Stir until a homogeneous mixture is obtained.

Pour the mixture into the pan and cook for about 30-35 minutes. Check the dessert with a toothpick or a knife to verify that the internal cooking has been completed. Then remove the cake from the oven and let it rest and cool.

Meanwhile, make the syrup.

Mix lemon juice and icing sugar in a glass or pyrex container. Cook in a microwave oven until the sugar dissolves in a juice. Pour the hot syrup over the cake and let it cool before removing it from the cake tin. Serve.

Beef stew - Marhapörkölt

Ingredients:

50 g lard
1 onion
salt
ground paprika
tomatoes

Slice the onion and fry the rings in hot grease, sprinkle with ground paprika and add the beef. Fry for a couple of minutes, then add enough water to cover, then simmer for about 2 hours, with the lid on. Meanwhile, add green peppers and tomato (or tomato juice in winter). If the liquid boils away, add some more water until the meat is completely tender. Finally reduce and simmer for a couple of minutes.

You can also cover it with a crispy caramel topping. To make this, caramelize 150g sugar in a pan then pour it onto a greased plate and let it cool. He was a member of the jury of the Brussels World Fair in 1898, then in Paris in 1900. His creation is the Gerbeaud slice.

Roll out each to slightly smaller than the size of a 35x25 cm baking tray, because proving and baking makes the pastry expand.

Spread jam on the bottom layer of pastry, then sprinkle with half of the ground walnuts and icing sugar mixture. Lay the second pastry on top and repeat the spreading and filling process. Put the last layer of pastry on top, making sure you cover the edges. Leave to rest for one hour at room temperature. 300 g vegetable mix	100 d cleaned
1 celery	cauliflower
1 kohlrabi	salt
1 onion	peppercorns
1 green pepper	ginger
4 mushrooms	
1 tomato	

Preparation

Újházy Ede would have dinner in the restaurant of the National Hotel after each show and would always ask for the following, "Józsi, my dear, could you please bring me a large bowl of golden hen soup, with a lot of meat and fine strips of pasta, then add some carrot, celery, mushroom, kohlrabi, sprouts and asparagus, if you have some. A piece of hot green pepper would be nice and I could do with some home-made horseradish relish and you know I love it with toast." And a waiter would always say to the cook, "A soup á la Újházy on order!"

Cut the cleaned chicken into 8 pieces. Put into a pan with cold water and bring to the boil. When boiling, remove the froth from the top. Season with salt, then, after 30 minutes, add the onion, tomato and herbs, then simmer. When the chicken is almost tender, add the julienned vegetables, the mushrooms, the cauliflower florets, the kohlrabi, the peas and the green pepper. Kettle goulash - Bográcsgulyás

Ingredients:

500 g stewing steak
3 tablespoons vegetable oil or 50 g lard
1 onion
800 g potatoes
green pepper
1 tomato
ground paprika
salt

For the pasta:

100 g plain flour
 $\frac{1}{2}$ or a small egg

Preparation

This was a favourite of our ancestors a rich and luscious dish. The goulash base has a number of varieties such as Serbian goulash with Savoy cabbage, bean goulash (without potatoes), mutton goulash with mutton on the bone and offal, rascal goulash with smoked meat, or the Likocs goulash with sour cream and vermicelli.

Prepare the meat like a stew. When it is almost tender, add a generous amount of water and the cubed potatoes, then simmer for some time.

Cook the pasta in the soup just before it is done, and stir gently, to obtain an even distribution of potatoes and pasta. Kettle goulash is a bit thicker than the goulash soup.

Kettle goulash is a traditional Hungarian dish, with wealth of varieties in each region, depending on the garnish: the Szeged goulash from the Plains contains sweet cabbage slices, added to the soup with potatoes. The Csango goulash from Moldavia is made with sour cabbage and rice instead of potatoes, the Paloc goulash from the Highlands, however, is made with green beans and crème fraîche.

Langosh - Lángos

Ingredients:

400 g bread or plain flour
30 g yeast
2 cooked potatoes
1 tablespoon vegetable oil
20 g salt
lukewarm milk
vegetable oil or lard to deep fry

Preparation

In the past, people would have lángos in between meals. On cold nights, however, it is nice to have some for dinner, with a glass of nice, spicy mulled wine. It is crucial to let the dough raise enough. Take care when frying your lángos: you need very hot oil to prevent the lángos soaking up the fat. Serve with grated garlic and crème fraîche and sprinkle with grated cheese. Delicious! Mix the yeast with 100 ml lukewarm milk and a pinch of sugar. Make a well in the middle of the flour and pour your leaven in, then add the cooked mashed potatoes, a tablespoon of oil and the salty, lukewarm milk.

Prepare a soft dough and beat. Sprinkle the top with flour and cover with a cloth. Leave to prove for 1 hour.

When the dough has risen to double the size, heat the oil (or lard) in a frying pan. Tear the dough into small portions and roll each out to the size of your palm and put into the hot oil. First fry covered, then, having turned your scone, remove the lid and fry until nice and crispy.

There are a variety of scones (with dill, cheese curd, ham, cabbage etc.), but you can also serve them as a topping on vegetable dishes.
